Autumn - Winter 2024 Catalogue

OXO was born of love.

Our founder Sam and his wife, Betsey, were cooking together, when Betsey's mild arthritis made using an old-fashioned metal peeler a struggle. They knew there had to be a better way.

They created the now-iconic OXO Peeler with its eye-catching form and signature nonslip grip handle.

Our Icons

We have thoughtfully created **universal products** for more than 30 years. To us, great design is much more than just making things look good – it's the basis for our tools to make **everyday better, every day.**

Especially four of our most loved and recommended items help revolutionise the way we prepare and store food: the Swivel Peeler, the Salad Spinner, the Angled Measuring Jug and the POP Containers.

1990

The Swivel Peeler

Glide through even the toughest fruit and vegetable skins.

1998

The Salad Spinner

Rinse and dry salad greens quickly and easily.

2001

The Angled Measuring Jug

Angled to let you measure accurately from above.

2007

The POP Containers

Airtight food storage that really stacks up.

At OXO, we believe there is a better way.

We look at everyday objects and activities, and we see ways to make things simpler, easier, more thoughtfully designed—better.

We see the big picture and the small details, and we think through it all: peelers and graters and all kinds of cooks, coffee makers and coffee drinkers, dusters and compulsive cleaners, booster seats and tots who need an extra boost. We consider how a tool functions—how it fits into hands, how it fits into lives—and we design a better way.

With OXO tools, people who love tasks love them more; people who hate tasks hate them less. We see a better way, and we make it happen: better quality, better performance, better experience, better day.

We're always searching, we're always solving, we're always making tools that make everyday better. And if we can't make it better, we won't make it. Because we keep our promises, by creating, delivering, delighting—every day.

OXO

Better. Guaranteed.

Icons are forever.

Innovative functionality meets **unique design** – for over 30 years. At OXO we engineer high-quality tools that help revolutionise the way we prepare and store food. Guaranteed to last a lifetime and to make your **everyday better, every day.**

Better. Guaranteed.
